Blueberry Biscuit Cake

Desserts | Oven

Before you start

Oven: 375°F. Equipment: greased 9-inch square baking dish. Bake about 25 minutes.

Ingredients

Matching letters and colors = one prep bowl. Charcoal = keep separate.

Bowl A - Brown sugar and cinnamon

Bowl B - Blueberries and sugar

- [ ] 1/2 cup packed brown sugar [Bowl A]
- [ ] 1/2 teaspoon ground cinnamon (or to taste) [Bowl A]
- [ ] 1 can Pillsbury Grand's refrigerated buttermilk biscuits
- [ ] 1 cup rolled quick oats
- [ ] 1 1/2 cups blueberries (frozen or fresh) [Bowl B]
- [ ] 1/2 cup butter melted (or more)
- [ ] 1/4 cup sugar (I use less) [Bowl B]

1. Prepare and cook

1. Heat oven to 375°F.
2. Generously grease a 9-inch square baking dish.
3. Combine 1/2 cup packed brown sugar and 1/2 tsp ground cinnamon (or to taste) in a small bowl; set aside.
4. Separate 1 can refrigerated buttermilk biscuits and cut each biscuit into quarters.
5. Melt 1/2 cup butter (or more as needed). Dip each biscuit piece in it, then roll in the prepared brown sugar-cinnamon mixture. Arrange in one layer in the dish; reserve the remaining melted butter.
6. Sprinkle with 1/2 cup oats. Toss 1 1/2 cups blueberries with 1/4 cup sugar (or less, as preferred) in a separate bowl.
7. Spoon the blueberry mixture over the biscuits; sprinkle with the remaining 1/2 cup oats.
8. Drizzle the remaining melted butter over the top; the source gives no separate drizzle amount.
9. Bake 25 minutes until cake is golden brown.

Notes

Biscuit can size is not specified; the 1/2 cup melted butter is shared between dipping and drizzling without an exact split.
