Air-Fryer Cheese Curds

Appetizers & snacks | Air fryer

Before you start

Use three coating bowls. Keep curds and flour together, eggs separate, and seasoned panko separate. Air fryer: 350°F.

Ingredients

Matching letters and colors = one prep bowl. Charcoal = keep separate.

Bowl A - Panko, garlic powder, and cayenne

- [ ] 16 oz cheese curds
- [ ] 1/4 cup flour
- [ ] 3 eggs, lightly beaten
- [ ] 2 cups panko bread crumbs [Bowl A]
- [ ] 1 tsp garlic powder [Bowl A]
- [ ] 1/2 tsp cayenne pepper [Bowl A]
- [ ] Cooking spray
- [ ] Marinara or ranch for dipping (optional)

1. Prepare and cook

1. Heat air fryer to 350°F. Coat 16 oz cheese curds in 1/4 cup flour; shake off excess. Dip in 3 lightly beaten eggs, then in 2 cups panko mixed with 1 tsp garlic powder and 1/2 tsp cayenne.

2. Spritz with cooking spray. Air-fry in a single layer 5-7 minutes, flipping after 3 minutes, until crisp, lightly browned, and beginning to melt. Keep remaining curds refrigerated and repeat in batches. Serve with dipping sauce.

Notes

The saved 16 oz-curd/1/4 cup-flour formulation is preserved. Cooking steps were recovered from its Wisconsin Cheese source, whose current recipe uses different curd and flour quantities. The saved file also has an exactly doubled batch.
