Protein Pancakes

Breakfast | Stovetop & prep

Before you start

Equipment: nonstick skillet and mixing bowl. Heat: medium-low to medium. Batter: thick but scoopable. Optional batter rest: 2-3 minutes.

Ingredients

- [ ] Cooking spray, butter, or coconut oil for the pan
- [ ] 2 large eggs
- [ ] 80 g protein powder
- [ ] 1 tsp baking powder
- [ ] 1/2 cup sour cream or full-fat plain Greek yogurt

[ ] Milk, almond milk, or water as needed to thin the batter

Method

1. Mix batter

1. Heat a nonstick skillet over medium-low to medium heat. Grease lightly with cooking spray, butter, or coconut oil.

2. Whisk 2 large eggs until smooth. Whisk in **80 g** protein powder and **1 tsp** baking powder.

3. Stir in **1/2 cup** sour cream or full-fat plain Greek yogurt until smooth.

4. If the batter is too stiff, add milk, almond milk, or water **1 Tbsp** at a time until thick but scoopable. Let rest **2-3 minutes** if convenient.

2. Cook

1. Scoop about **2-3 Tbsp** batter per pancake into the skillet.

2. Flip when the edges are set and the underside is golden. Cook the second side just until done; avoid overcooking.

Notes and variations

Protein powders absorb liquid differently, so adjust the batter rather than relying on one exact amount of liquid.

Avoid overcooking; it makes protein pancakes dry.
