Thai Basil Chicken

Main dishes | Stovetop & prep

Before you start

Mince garlic, slice onion thinly, cube chicken, tear basil, and chop tomatoes.

Ingredients

Matching letters and colors = one prep bowl. Charcoal = keep separate.

Bowl A - Garlic and pepper flakes

Bowl B - Oyster sauce, hoisin, soy sauce, and sugar

- [ ] 1 Tbsp canola oil
- [ ] 3 garlic cloves, finely minced [Bowl A]
- [ ] 1 T red pepper flakes [Bowl A]
- [ ] 1 onion, cut in half and sliced into thin strips
- [ ] 2 boneless, skinless chicken breasts (about 1 1/2 pound), cut into bite-size pieces
- [ ] 1/4 C oyster sauce [Bowl B]
- [ ] 1/4 C hoisin sauce [Bowl B]
- [ ] 2 Tbsp soy sauce [Bowl B]
- [ ] 1 Tbsp sugar [Bowl B]
- [ ] 1 bunch fresh basil (about 1/2 cup), torn into pieces
- [ ] 2 large tomatoes, chopped

1. Prepare and cook

1. Heat the oil in a large frying pan over medium heat. Add the garlic and red pepper flakes. Stir consistently for about 30-60 seconds, until fragrant (don't let the garlic burn!). Add the sliced onions. Cook until the onions are translucent, stirring every now and then, about five minutes. Add the chicken and cook for 3-5 minutes, until browned and cooked through.

2. Mix together the oyster sauce, hoisin sauce, soy sauce, and sugar and add into chicken. Stir until everything is well coated. Turn the heat down to medium low and sprinkle the tomatoes over the top of the mixture. Tear the basil by hand and sprinkle it over the tomatoes. While still on the stove over medium heat, let the tomatoes and basil sit, without stirring, for about 5 minutes to allow the basil to wilt slightly and the tomatoes to warm. Stir the mixture until everything is well combined and heated through.

3. Serve immediately over rice.

Notes

A separate from-memory fish-sauce variation remains in the original file. The complete oyster/hoisin sauce version is used here.
