Traditional Swiss Cheese Fondue

Main dishes | Stovetop & prep

Before you start

Grate Gruyère and Emmental; cut bread into 1-inch pieces. Use a fondue pot and burner.

Ingredients

Matching letters and colors = one prep bowl. Charcoal = keep separate.

Bowl A - Gruyère and Emmental

Bowl B - Kirschwasser and cornstarch

- [ ] 1 pound grated Gruyere Cheese [Bowl A]
- [ ] 1 pound grated Emmental Cheese [Bowl A]
- [ ] 1 clove garlic
- [ ] 3 cups dry white wine (Pinot Grigio, Sauvignon Blanc)
- [ ] 2 tablespoons Kirschwasser (cherry schnapps) [Bowl B]
- [ ] 1.5 tablespoons corn starch [Bowl B]
- [ ] freshly ground pepper and nutmeg
- [ ] 1 pound French bread cut into 1" pieces

1. Prepare and cook

1. Rub the inside of the fondue pot with garlic. Pour in the white wine, and bring it almost to a boil.

2. Add the grated cheese, stir continuously with a wooden spoon. When the mixture almost reaches boiling point, stir in the cornstarch blended with the Kirschwasser. Continue to stir, adding pepper and grated nutmeg (optional).

3. Transfer the fondue pot to the burner. Serve the bread separately. Using a fork, dip the bread into the fondue. Remember to stir the fondue with each piece. The fondue should be kept at simmering point while eating.

Notes

By Brad Ozerdem. The file also contains separate horseradish cream sauce and tempura batter notes, preserved in the source.
