Protein Pancakes

Breakfast | Stovetop & prep

Before you start

Equipment: nonstick skillet and mixing bowl. Heat: medium-low to medium. Batter: thick but scoopable. Optional batter rest: 2-3 minutes.

Ingredients

Matching letters and colors = one prep bowl. Charcoal = keep separate.

Bowl A - Protein powder and baking powder

- [ ] Cooking spray, butter, or coconut oil for the pan
- [ ] 2 large eggs
- [ ] 80 g protein powder [Bowl A]
- [ ] 1 tsp baking powder [Bowl A]
- [ ] 1/2 cup sour cream or full-fat plain Greek yogurt

- [ ] Milk, almond milk, or water as needed to thin the batter

1. Mix batter

1. Heat a nonstick skillet over medium-low to medium heat. Grease lightly with cooking spray, butter, or coconut oil.

2. Whisk 2 large eggs until smooth. Whisk in 80 g protein powder and 1 tsp baking powder.

3. Stir in 1/2 cup sour cream or full-fat plain Greek yogurt until smooth.

4. If the batter is too stiff, add milk, almond milk, or water 1 Tbsp at a time until thick but scoopable. Let rest 2-3 minutes if convenient.

2. Cook

1. Scoop about 2-3 Tbsp batter per pancake into the skillet.

2. Flip when the edges are set and the underside is golden. Cook the second side just until done; avoid overcooking.

Notes

Protein powders absorb liquid differently, so adjust the batter rather than relying on one exact amount of liquid.

Avoid overcooking; it makes protein pancakes dry.
